JOHN PERKINS: Confessions of an Economic Hitman.. and The Future of The Economy ~~Genres Of The Credit Economy~~
* Genres of the Credit Economy is a phenomenal accomplishment. Tracking the intersecting and diverging paths of economic, imaginative and monetary genres of writing about (and mediating) value from the late-seventeenth through the nineteenth centuries, the book provides a stunningly original account of how the disciplines of literature and economics emerged, what they value, and the critical situation in which literary studies, in particular, currently finds itself.

~~Genres of the Credit Economy: Mediating Value in---~~
Taking up all early forms of financial and monetarywriting, Poovey argues that these genres mediated for early modern Britons the operations of a market system organized around credit and debt. By arguing that genre is a critical tool for historical and theoretical analysis and an agent in the events that formed the modern world, Poovey offers a new way to appreciate the character of the credit economy and demonstrates the contribution historians and literary scholars can make to ...

~~Genres of the Credit Economy | Teesside University~~
After setting forth her general thesis that imaginative, economic, and monetary forms all emerged as distinctive genres in response to the rise of a credit economy, the core of Poovey?s text consists of detailed readings concentrating on modes of argumentation, organization, and style in selected works of economic and imaginative literature written in Britain between 1650 and 1870.
