Little Blue Books are a series of small staple-bound books published from 1919 through 1978 by the Haldeman-Julius Publishing Company of Girard, Kansas. They were extremely popular, and achieved a total of 300-500 million booklets sold over the series' lifetime. A Big Blue Book range was also published.

The little blue book also contains a grading grid, which can be used to describe a charity 's effectiveness on each part of the framework. At a time when many charities are having to make tough decisions, The little blue book can help them to assess their own performance, to identify successes and failures,
